

# EasyJet To Test Honeywell/Safran Electric Taxi System

Graham Warwick February 10, 2012

EasyJet will be the first airline to test a fuel-saving electric taxi system being developed by Honeywell and Safran. Operational trials on an Airbus A320 are expected to begin in 2013, with the goal of making system available by 2016. The U.K. airline's announcement comes after Lufthansa Technik...
